

DM

Water the Way You Like it!

Whether you like your Water Ice Cold or Steaming Hot, The Monet DM Delivers it Fresh and Clean!

Refill and Refresh

Elegant capacitive touch dispense icons, LCD smart alert display, and large 12-inch dispense area make refilling your favorite container quick and simple.

Designed with You in Mind

At Monet Water and Ice we believe that personal hydration products should reflect the people that use them, and the beauty, efficiency, and ease of use we all desire.

A Better Way to Hydrate

Monet's bottleless dispensers provide greater hygiene and increased sustainability compared to bottled options. The latest filtration and LED UV technologies provide a continuous supply of clean fresh tasting water without the need for bulky 5-gallon or plastic single-use bottles.

Effortless
Capacitive touch icons offer intuitive effortless dispensing.

Advanced
Internal microprocessor controls and monitors system functions.

Smart
LCD Smart screen displays messages, system status, and service alerts.

Accommodating
Extra-large 12-inch dispense area makes refilling even the largest containers a breeze.

Refreshing
Advanced reverse osmosis and multi-stage carbon filtration deliver a continuous supply of fresh, clean drinking water.

Clean
In-tank LED UV technology, anti-microbial surfaces, and no-touch filter changes keep the system clean inside and out.
