The latest evolution in sustainable water
dispensing with energy-efficient technology.

e6

Evolved environmental sustainability, energy-efficiency and intelligent technology.

The latest evolution in premium bottleless drinking water combines intelligent eco-friendly technology, energy-efficiency and powerful performance in every pour.

At a glance.

Water options	   
Configuration	 
Colour	 
System	ProCore® Powerful and compact, energy-efficient modular system. DryChill® Rapid and hygienic, efficient chilling technology.
Technology	EcoMode® Energy-saving technology. Bluetooth® Touch-free dispense. DeepSparkle® Sparkling water with long-lasting fizz. Viovandit® (optional) Chemical-free, eco-friendly integrated UVLED purification.
Hygiene	Totality® Filtration and hygiene assurance with Biomaster®.
Optional accessories	SensorBeam™ Base Cabinet Floorstanding base with projection touchless dispense.

Evolved, intelligent technology.

Designed for a greener future, the E6 is an evolved, energy-efficient and sustainable approach to bottleless filtered water. Featuring a powerful four-way dispense, the E6 utilizes advanced energy-saving EcoMode technology and optional SensorBeam projection touchless control. The E6 delivers unrivalled powerful performance and hygiene protection, and is compatible with optional, future-thinking SIMSecure data connectivity for enhanced insight and servicing.

Environmentally advanced design.

The E6 is powered by our exclusive, compact ProCore® system, with discrete ventilation, advanced modularity and a lower carbon footprint. Thanks to its intelligent EcoBoil energy-efficient hot water system, DryChill® airless, rapid cooling technology, eco-refrigerant gas and recyclable components, the E6 delivers the ultimate in sustainability, hygiene and performance.

Confidently clean water.

Totality® is our 5-step methodology to achieving pure, healthier, premium water. Providing hygiene assurance in every pour, Totality® reduces sediment, odors, chlorine and microplastics, for freshly-filtered water that is safe to drink and tastes clean and crisp.

For complete peace of mind, select integrated Viovandit® enhanced UV-C purification. The ultraviolet LED technology provides eco-friendly, chemical-free sterilization to reduce bacteria and viruses.

Bottleless water for every environment.

Designed for working environments, the E6's premium finish and contemporary aesthetics are easy-to-clean and feature a durable Fynil® finish with antimicrobial silver ion protection, providing complete hygiene confidence in communal areas. Easy to install as a countertop or floorstanding unit, the E6 eliminates the need for single-use plastic bottles and coffee cups, allowing you to refill and enjoy locally sourced, premium water.

Smart, sustainable, energy-efficient, bottleless water.

Excellence in every pour.
